

MAJOR ACCOMPLISHMENTS

8,20,098 total direct beneficiaries reached during June 1994- May 2022

Direct Beneficiaries

7267 (2021-2022)
8,20,098 (1994-2022)

Indirect Beneficiaries

46,635 (2021-2022)
4,709,465 (1994-2022)

Efforts to Support Institutionalization

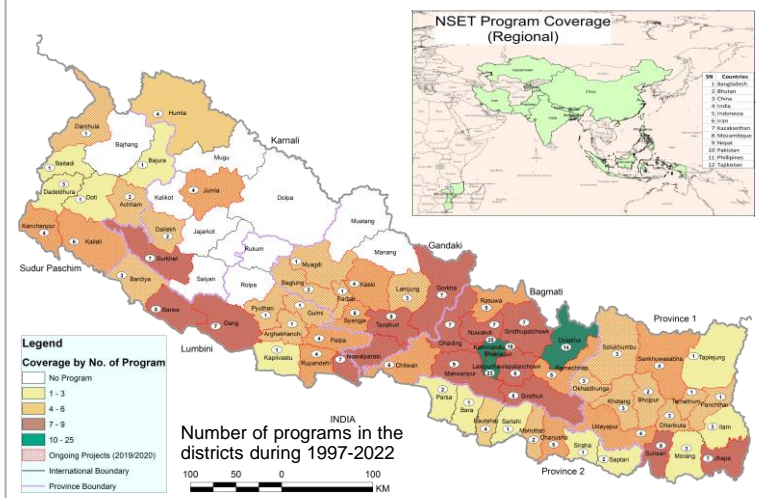

Number of Policy Documents developed with NSET contribution

39

51

Number of Municipalities assisted for Building Code Implementation

Distribution of NSET's DRM Programs in Nepal and the Region

STRATEGIC INITIATIVES

In order to achieve each of our strategic objectives within 2030, we are committed to take following strategic initiatives (but not limited to):

1. Hazard and sector specific national programs for disaster risk management (DRM) and climate risk management (CRM)
2. Specific programs targeted to various sectors of communities
3. Appropriate methodologies for monitoring hazard incidents
4. Objective-oriented community-based disaster risk management programs
5. Local disaster and climate resilience plan and risk sensitive land use plan
6. Multi-stakeholder engagement on DRM/CRM
7. Collaboration in order to produce knowledge, concepts, methods and technologies related to multi-hazard and cascading disaster risk management.
8. Enhanced engagement of young professionals, students, academicians, experts and practitioners on DRM/CRM
9. Integrate 'innovation' into organizational identity, policies, processes, practices, leadership, approaches, behaviors and working environment

**TO BUILD A RESILIENT COMMUNITY,
WE NEED EVERYONE'S HELP.**

MEMBERSHIP / AFFILIATION

- International Centre of Excellence (ICoE) endorsed by Integrated Research on Disaster Risk (IRDR).
- National Delegate, International Association of Earthquake Engineering (IAEE)
- Founder Member, Asian Disaster Reduction and Response Network (ADRRN)
- Founder Member, Disaster Preparedness Network (DPNet), Nepal
- Member, Global Network of Civil Society Organizations for Disaster Reduction (GNDR)
- Member, Governing Board, Global Earthquake Model (GEM) Foundation
- Member, National Platform for Disaster Risk Reduction, Nepal
- Associate Member and Host Organization for Nepal National Chapter, CityNet
- Member, Network for Empowered Aid Response (NEAR)
- Member, Start Network / Start Fund Nepal

AWARDS

United Nations Sasakawa Award for Disaster Reduction 2001

Tech Award 2004:
'Tech Museum Award' under the 'Microsoft Education Award' category for low-tech innovation called 'Shake Table'

National Society for Earthquake Technology-Nepal (NSET)

Founded on June 18, 1993

"Disaster Resilient Communities in Nepal by 2050"

WHO WE ARE

We, National Society for Earthquake Technology-Nepal (NSET), are a community of Nepali professionals belonging to various physical and social sciences with a common goal of contributing towards disaster risk management.

We are a multidisciplinary professional society registered with the Government of Nepal as a not-for-profit non-government organization.

Our Vision: Disaster Resilient Communities in Nepal by 2050

Our mission: To contribute in enhancement of disaster resilience of the communities through development and implementation of appropriate technologies, inclusive and collaborative approaches in order to minimize and manage disaster risks.

NSET was founded by a group of professionals on June 18, 1993, with the vision of contributing to build "Earthquake Safe Communities in Nepal by 2020". NSET has had a rich experience and lessons gathered from working in the field of earthquake/disaster risk management in last 3 decades through hundreds of program activities. Such experiences, knowledge, and lessons can be leveraged effectively in managing multi-hazard risks that Nepal faces.

Building upon the achievements made, NSET has developed 10-year Strategic Plan (2021-2030) with the idea to expand its scope and works to managing multi-hazard situations, climate change adaptation and risk management, and integrate this synthesis of disaster risk management (DRM) and Climate Risk Management (CRM) into economic development efforts. The NSET's 10-year Strategic Plan envisions to contribute to build "Disaster Resilient Communities in Nepal by 2050".

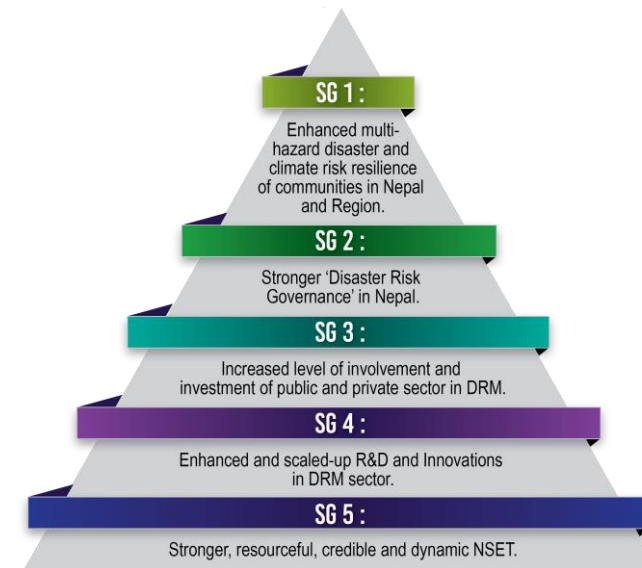

**BETHE SOLUTION
FOR FUTURE GENERATION**

WHAT WE DO

OUR PRIORITY AREAS

We have identified 5 strategically prioritized goals (SG) that we shall strive to achieve by 2030.

NSET now focuses on the following strategic objectives which are connected to our strategic priorities:

- SO1: Develop and implement integrated and inclusive interventions related to Multi-Hazard Disaster Risk Management (DRM) and Climate Risk Management (CRM)
- SO2: Assist in Institutionalization and Integration of validated understanding, approaches and technologies related to DRM/CRM.
- SO3: Devise and integrate innovative, cost-effective and appropriate methods and measures in DRM/CRM.
- SO4: Develop and promote effective and inclusive collaboration for innovation and R&D in DRM/CRM
- SO5: Be a dynamic, sustainable and learning organization

**INVESTING TODAY
FOR SAFER TOMORROW.**

OUR RECENT WORKS

Supporting the response to the COVID-19 crisis in the education sector: Strengthening Education Clusters at Federal, Provincial and Local Governments

Support: UNICEF in collaboration with European Union (EU)
Implementer: NSET, Mercy Corps and Education Pages
Coverage area: Education Clusters in federal and all 7 provinces, 80 Local Governments, and 300 Schools
Period: 2022-2023

Implementation of Disaster Risk Management Localization Training at 702 Local Level of Nepal

Support: United States Agency for International Development (USAID), International Organization of Migration (IOM)
Implementer: a Consortium of Lutheran World Federation (LWF), Practical Action Consulting (PAC) and NSET as Consortium Lead
Coverage area: 702 Local Governments in all 77 districts
Period: 2022

Sajag-Nepal: Preparedness and planning for the mountain hazard and risk chain in Nepal (research Project)

Support: UK Research and Innovation (UKRI), Durham University
Implementer: Consortium of Universities of Durham, Northumbria, Oxford, and Bristol (UK), NSET, BBC Media Action-Nepal, Stiftelsen Flowminder, IFRC Nepal, Social Science Baha Nepal, Tribhuvan University (Nepal), and Universities of British Columbia (Canada), Auckland and Canterbury (New Zealand)

Tomorrow's Cities (research Project)

Support: UK Research and Innovation (UKRI), Global Challenges Research Fund (GCRF)
Implementer: The Kathmandu City Hub comprising of Tribhuvan University/Institute of Engineering (IoE), NSET, Southasia Institute of Advanced Studies (SIAS), Practical Action Nepal and Nepal Development Research Institute (NDRI)
Period: 2019-2024

Technical Support for Resilient Community (TESREC)

Support: United States Agency for International Development / Bureau for Humanitarian Assistance (USAID/BHA)
Implementer: NSET
Coverage area: 7 Rural Municipalities of Nepal
Period: 2019-2022

Risk Informed Landside Management in Nepal's Hill Area (Pratibaddha)

Support: People in Need (PIN)
Implementer: NSET
Coverage area: 4 Municipalities (Bhotekoshi, Barabise, Tamakoshi and Bigu) in Sindhupalchowk and Dolakha districts
Period: 2020-2022

Program for Enhancement of Emergency Response Stage IV (PEER-4)

Support: United States Agency for International Development / Bureau for Humanitarian Assistance (USAID/BHA)
Implementer: NSET
Coverage area: 4 South Asian countries (Bangladesh, India, Nepal and Pakistan)
Period: 2014-2021

Baliyo Ghar: Housing Reconstruction Technical Assistance Program

Support: United States Agency for International Development (USAID)
Implementer: NSET
Coverage area: 3 districts most hit by 2015 Gorkha Earthquake
Period: 2015-2021

Nepal Safer Schools Program (NSSP)

Support: Department for International Development (DFID)
Implementer: Consortium of Crown Agents, Save the Children, Arup International and NSET
Coverage area: 250 schools in the Far and Mid-West of Nepal
Period: 2020-2021

Making Displacement Safer (MDS): Locally led DRR Solutions for Displaced Populations in Urban Areas

Support: United States Agency for International Development / Bureau for Humanitarian Assistance (USAID/BHA), Global Network of Civil Society Organization for Disaster Reduction (GNDR)
Implementer: NSET (in Nepal)
Coverage area: Namuna Tole at Sinamangal, Kathmandu Metropolitan City
Period: 2021- 2023

**ACT TODAY,
SHAPE TOMORROW.**
